## SUMMARY

---

Being a dedicated Frontend Developer, I specialize in translating designs into responsive and engaging user interfaces. Furthermore, my ability to collaborate within teams and work independently has facilitated the delivery of effective and high-quality solutions. With expertise in **Javascript**, especially **ReactJS** and **NextJS**, solving problems is my daily routine. My bachelor's degree in **Computer Science** from **Universitas Padjadjaran** solidifies my knowledge foundation in this field.

## SKILL SETS

---

**Technical:** HTML, CSS, Javascript, Typescript, ReactJS, React Native, NextJS, Wordpress, Redux, React Query, Redux Toolkit, SASS, TailwindCSS, Bootstrap, Storybook, Cypress, JEST, Google Analytics, REST API.

**Working Tool:** Git, Visual Studio Code, Postman, Trello, Figma, Clickup, Jira.

**Languages:** Indonesia, English.
